

BEAR CUBZ

ARTIST / PRODUCER / DJ / SOUND ENGINEER / CREATIVE DIRECTOR

MOON RACER

Music is the signal. The universe is expanding.

ABOUT

BEAR CUBZ is an independent multidisciplinary artist with more than 10 years of experience making music, producing records and albums, performing as a musician and DJ, and working in sound engineering. The project blends electronic music, cinematic atmosphere, live performance, visual culture and forward-looking production into a distinct creative identity.

CURRENT ERA

The current chapter is MOON RACER - a cinematic science-fiction music universe anchored by Moon Racer | Rise of the Moon Racers. It connects music with cyberpunk visual storytelling, original characters and worlds, live experiences, limited merchandise, Digital Passports and an expanding interactive universe.

ARTISTIC DIRECTION

BEAR CUBZ is also developing a new music genre to be revealed, drawing on years of production, DJ experience, sound design and experimentation. The goal is a signature sound and presentation that can live across releases, clubs, live shows, visual media and immersive experiences.
