

FMU / INDUSTRY INTRODUCTION

BEAR CUBZ

MOON RACER

MUSIC IS THE SIGNAL.
THE UNIVERSE IS EXPANDING.

A focused private introduction for a partner
who can help scale the recording career
without flattening the world around it.

MUSIC / VISUALS / LIVE / GAMING / IP

THE MUSIC

THREE RECORDS. THREE DIMENSIONS.

A direct sampler: the lead impact record, the emotional expansion and the range-builder.

01 HYPER-REAL

THE HOOK

Immediate statement — impact, identity and the clearest introduction to the next BEAR CUBZ era.

02 SNOWGLOBE

THE WORLD EXPANDS

A deeper, more atmospheric side of the project, showing emotional and cinematic range.

03 OUTER RIM

THE HORIZON EXPANDS

A different edge of the sound that broadens the possibilities without losing the BEAR CUBZ identity.

THE ARTIST

& PERFORMING MUSIC

22 TRACKS ON THE MOON RACER
FLAGSHIP RELEASE

3 ADDITIONAL MOON RACER ALBUMS
PRODUCED — FUTURE PIPELINE

A developed catalog and release pipeline already exist. The ask is not to invent the world from scratch — it is to accelerate the audience, strategy and infrastructure around it.

CREATIVE POSITION

**The same creator making the records
is building the infrastructure around
the records.**

Moon Racer connects music, visual identity, live presentation, digital fan identities, interactive web experiences and future gaming / narrative development — with music remaining the central signal.

RELEASE PROOF POINTS

- 22-track Moon Racer flagship album released
- Three additional Moon Racer albums produced
- Album-release listening experience — Marina del Rey, August 21, 2026
- Physical / visual identity already in motion
- Catalog built for future singles, sync, live presentation and world expansion

Early figures are not being inflated. The value proposition is the amount of finished creative inventory and infrastructure relative to the current audience stage.

EXPERIENCE THAT SUPPORTS THE WORLD

A multidisciplinary music professional with experience across record production, vocal production, live performance, digital audio and creative technology.

SELECTED MUSIC CREDITS

Lunateeks	Produced a record and vocals.
Your Royal Highness	Band member and performing musician.

PERFORMANCE + SHOW

- DJ performance and live music presentation
- Live instruments and MIDI-based performance workflows
- Show entertainment and event presentation
- Album-listening and immersive presentation concepts

CURRENT CREATIVE DEVELOPMENT

Developing Moon Racer as an expanding music, visual and interactive world while building a new sonic identity for future release cycles.

CAPABILITIES

MUSIC PRODUCTION, PERFORMANCE AND CREATIVE TECHNOLOGY

PRODUCTION + AUDIO

- Ableton Live
- Pro Tools
- Logic Pro
- GarageBand
- MIDI programming + integration
- Live instruments
- Vocal production
- Record + album production
- Digital audio / sound engineering

DJ + PERFORMANCE

- Pioneer DJ equipment
